

Malus domestica 'Notarisappel'

Height	6-8 m
Width	6-8m
Crown	flatened spherical, half-open crown
Bark and branches	brown, grey
Leaf	green
Flowers	white-pink, flowers in April
Fruits	edible fruits, yellow-green, pink-red
Spines/thorns	None
Toxicity	usually not toxic to people, (large) pets and livestock
Soil type	clayed soil, loamy soil, sandy soil, acid soil
Paving	tolerates no paving
Winter hardiness zone	6 (-23,3 to -17,8 °C)
Wind resistance	good, susceptible to sea wind
Other resistances	resistant to frost (WH 1 - 6), can withstand wind
Fauna tree	resistant to frost (WH 1 - 6), can withstand wind, provides food for birds
Application	small gardens, patio gardens
Shape	clearstem tree, multi-stem treem, clearstem fruit tree

'Notary apple' is a good growing medium-sized tree with a semi-open, flattened spherical crown with a height of 6-8 m. The flower buds are pink and the whitish-pink flowers open in April. The apples are ready for picking from late September to mid-October. The apples are large, round and green to yellow-green with a large pinkish-red blush and stripes. The yellow-white flesh is medium firm, juicy and pleasantly sweet aromatic. The flavour is also freshly sweet. The apples store quite well, but it is primarily a hand apple. Also suitable for making purée or juice and for use in salads. 'Notarisappel' is a Dutch cultivar found by notary van den Ham from Lunteren. Hardiness zone 6.
